EN 14843

Precast Concrete Protection covers

design drawings as supplied

Concrete Compressive strength f_{ck}	40N/mm ²
---	---------------------

Reinforcing steel	
Ultimate tensile strength f_{tk}	435N/mm ²
Tensile yield strength f_{yk}	500N/mm ²

Prestressing steel not used

For geometrical data, detailing, mechanical strength, fire resistance, airbourne sound and durability see design specifications	See drawings as listed on the delivery ticket
